The Bahamas, at your own pace.

A thoughtfully planned yacht escape through Nassau and the Exumas.

Clear water. Quiet anchorages. Time together.

Tell Kym who is travelling and how you like to spend your days. We will help choose the yacht and shape the charter around you.

Photography: supplied Charter Smarter Bahamas itinerary.

Plan your charter with Kym

Eight days to imagine.

A flexible charter outline inspired by the supplied 2024 Charter Smarter itinerary. Your skipper agrees the route for the yacht, weather and available time.

01 / Nassau, then the Exumas

Meet your crew and settle aboard. A suitable crossing to the northern Exumas begins your island escape; the skipper chooses the anchorage for the conditions.

02 / Around Norman’s Cay

Unhurried beach time and a snorkelling stop, where conditions allow. Leave space for a long lunch aboard rather than a timetable of activities.

03 / Warderick Wells

Discover the Exuma Cays Land & Sea Park through walking trails and time in the water. Moorings and access depend on availability and park rules.

04 / Compass Cay area

Explore another island anchorage, with swimming and shoreline time chosen by your crew. Cave visits and exposed spots are weather and tide dependent.

Under sail, photographed in the supplied reference itinerary.

Room for a slower day.

05 / Hawksbill Cay

Turn north through the park, allowing time for quiet beaches and a walk ashore. This is a day to slow down and enjoy the landscape.

06 / Shroud Cay

Explore the mangrove setting by kayak or a permitted tender route, following park guidance. Your crew checks access, tide and suitable conditions.

07 / Back towards Nassau

Allow a flexible return day for the crossing. Your final night may be in a marina or an appropriate anchorage, as agreed with the skipper.

08 / A gentle farewell

Breakfast aboard, disembarkation and your onward transfer. We plan the flight connection around the agreed return port and charter timings.

Charter photograph from the supplied reference itinerary.

Make it your own.

Choose the right yacht

Compare cabins, bathrooms, shared spaces, air conditioning, crew and water toys against the needs of your group.

Know the full cost

Check meals, drinks, fuel, marina and park fees, taxes, transfers and gratuities against the exact charter contract. The old brochure’s promotional inclusions are not a current offer.

Leave the islands as you found them

The Exuma Cays Land & Sea Park is a no-take protected area. No fishing, conching, shelling or lobstering. Follow park access and mooring rules, and observe wildlife without feeding it.

An easy start and finish

Agree the marina and return port before arranging flights. We will consider transfers, connection times and an overnight hotel where useful.

Tell us. We curate. We refine. We arrange. You travel.
