Plan your St Kitts holiday

Get to know the island.

01 / Brimstone Hill

A UNESCO World Heritage fortress with far-reaching coastal views. Explore its military architecture alongside the story of the enslaved people who built it.

02 / The Scenic Railway

The operator describes a three-hour island circuit combining 18 miles by rail with 12 miles by sightseeing bus. Confirm operation and seats for your date.

03 / Beach days at your pace

Leave time for the coast, a relaxed meal and a swim where local conditions are suitable. Match your beach and hotel to the atmosphere you want.

04 / More of the island

Add a locally guided walk, time in Basseterre or a visit to Nevis after checking transfers and opening times. Keep the schedule light enough to enjoy it.

For full British citizen passports

GOV.UK states that passports must expire at least six months after arrival. Visits of up to six months do not require a visa. Check current official advice for your nationality and journey before departure.
